

EUPHORICFX NEWSLETTER

THE VERY BEST OF EVERYTHING

The Deadline Has Passed

Where is the EFX newsletter?

Clearly the new newsletter is not up yet or you would be seeing it, instead of this.

One of a few possible things has happened.

1. Somebody has dropped the ball and it never got done.
2. It's done but not posted yet we hope that's the case.
3. Some idiot deleted it and we are re-doing it, sorry.
4. The dog ate it, I hope not as we don't have a damn dog.
5. CT fired the news editor and did not tell anyone.

Either way I'm sure by now someone has noticed and the situation will be rectified very soon.

So be Patient it's coming soon, sorry for the delay.

We have been caught by surprise.

Please, bare with us!

While we resolve
this unexpected delay.

Thank You!
